# CHAIRMAN'S MESSAGE

## SHEIKH AHMED SUROUR SULTAN AL DHAHERI

At Gulf Paints, we are committed to providing innovative and high-quality paint solutions that exceed expectations.

Our focus on excellence, sustainability, and customer satisfaction has been the cornerstone of our success.

As we continue to grow, we remain dedicated to delivering products that enhance both the beauty and durability of your spaces.

Thank you for your continued trust and support as we look forward to a brighter future together

[WWW.GULFPAINTS.COM](http://WWW.GULFPAINTS.COM)

# LOCAL MANUFACTURER

TRUSTED PARTNER  
SINCE 1982

As a proud member of the Gulf community, the factory offers a wide range of products that include water-based and decorative paints that add beauty and elegance to spaces, industrial and oil-based paints designed to provide durability and strength in large projects.

The factory also provides epoxy paints and road coatings, ideal for withstanding harsh environmental conditions, in addition to fungus and moisture-resistant insulating materials that provide reliable protection for infrastructure.

At Gulf Paints & Adhesives Factory, we innovate in color formulation and adhesive development to turn your vision into a beautiful reality, while ensuring quality and sustainability in every product.

# PROJECTS

## **Gulf Paints – A Trusted Leader and Partner in the UAE for Over 40 Years**

For over 40 years, Gulf Paints has been a leading local manufacturer and trusted partner in the UAE, offering innovative paint solutions for all types of projects. As a proud local brand, we specialize in providing superior quality, eco-friendly products crafted with the latest technology. Whether you're tackling a new build, renovation, or commercial venture, we offer reliable solutions that meet your specific needs.

Our extensive product range includes everything from primers and undercoats to wall paints and flooring solutions. We offer a variety of interior paints, from decorative options to those promoting healthy living. For exterior applications, we provide durable stone finishes and weather-resistant texture solutions. Our floor paints, including UV-resistant polyurethane and epoxy coatings, offer exceptional resistance to chemicals and mechanical wear, making them ideal for concrete floors. Trust Gulf Paints for all your project needs in the UAE.

# OUR CLIENTS

## OUR PRODUCTS

At Gulf Paints, we are dedicated to using only the finest materials and employing the most advanced manufacturing techniques to deliver superior products. Our commitment to innovation drives us to continuously enhance both our products and processes through the latest technological advancements.

Sustainability is at the heart of everything we do. We prioritize reducing our environmental footprint and champion eco-friendly practices throughout our operations.

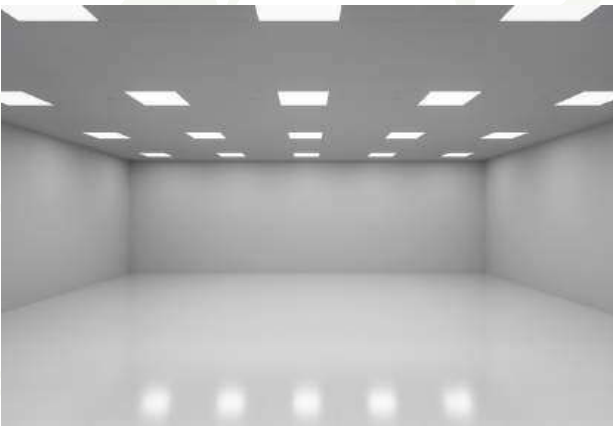

Operating with integrity is fundamental to our success. We uphold transparency and honesty in all our dealings, ensuring trust and long-lasting partnerships with our customers and stakeholders.

**Water Based Paints**  
Exceptional performance  
for interior and exterior  
use.

**Alkyd Oil Paints**  
Provide long-lasting  
durability.

**Epoxy & Polyurethane Paints**  
Designed for floors and walls  
to withstand environmental  
and chemical conditions

**Polyurethane Paints**  
Resistant to corrosion  
and weather conditions.

**Thermoplastic Paints**  
Ideal for floor and exterior  
application.

**Road Marking**  
Effective sun protection  
kurbstone surfaces.

**Acryl & Solvent Base**  
Multiple solutions for industrial applications.

**Varnishes**  
Add glossy and sparkling touches for surfaces.

**Adhesive**  
Strong and effective solution for various uses,

**Thinners**  
For perfect consistency during painting.

# PRODUCTS CATEGORIES

## DECORATIVE PAINT

---

Add artistic and aesthetic touches to interior and exterior spaces.

## WATERPROOF MATERIALS

---

Protect Surface from moisture and harsh weather conditions.

## CARBONATION RESISTANCE

---

Offer superior protection for concrete surfaces with pure acrylic paints.

# PRODUCTS CATEGORIES

## Floor Repair

---

Advanced treatment solutions for floors

## Enamel Paints

---

Versatile paints with exceptional finishing quality.

## Solvent - Free Paints

---

Eco - Friendly, high - performance paints for indoor and outdoor use.

## COMMENTS SHEET

**Project Name:** Meydan Canal Front Residence, Safa B.  
**Submittal No:** UNEC-P1-14011620-MAT-ARC-032-REV 00  
**Subject:** Material submittal of External paint (wall& ceiling soffit).  
**Date:** 23 JAN 2023  
**Status:** B – (Approved as Noted)

No objection for the proposed materials subject to the following comments:

- 1- Stepped Sample defining each separate coat to be provided for each specified color as per IFC/BOD.
- 2- Location of application of soffit ceiling to be highlighted.
- 3- Engage an installer who is certified in writing by the manufacturer.
- 4- Obtain the proposed materials through one source from a single manufacture.
- 5- Material Compatibility: Provide primers, and finish-coat materials that are compatible with one another and with the substrates , as demonstrated by manufacturer based on testing and field experience
- 6- Detailed method statement for painting system clarifying the sequential steps for applying the paint system considering the manufacturer recommendation.
- 7- The proposed material to comply with the relevant authorities requirements.
- 8- Surface preparation shall be as specified & as recommended by the manufacturer.
- 9- Field tests to be scheduled / executed at site as per specification .
- 10- Material delivery & storing method to follow the specification & manufacturer recommendation.
- 11- Full compliance with the project specification & manufacture recommendation.
- 12- Mock up to be provided for each paint color/system .
- 13- Warranty draft letter should be provided inline with the project specification & format

## Comments sheet

**PROJECT :** Meydan Canal Front resident - Safa B - Plot 1  
**Submittal No:** UNIC-P1-14011620-MAT-ARC-071-REV 02  
**Subject:** Material submittal for Waterproofing / Wearing Coatings  
**Date:** 05 JUNE 2023

**Status:** Code B – Approved as Noted

### COMMENTS:

The proposed material for the floor coating is approved subject to the following

- Full compliance with the project specification & manufacture recommendation.
- Engage an installer who is certified in writing by the manufacturer.
- Obtain the materials through one source from a single manufacture.
- To comply with Green Building requirements as per specification Division 09
- Detailed method statement for painting system clarifying the sequential steps for applying the paint system considering the manufacturer recommendation.
- The proposed material to comply with the relevant authorities requirements.
- Surface preparation shall be as specified & as recommended by the manufacturer.
- Material delivery & storing method to follow the specification & manufacturer recommendation.
- Pre-construction Testing to be done for Pull -off adhesion test prior to usage at site.
- Non-slip aggregates to be used in mechanical rooms. Technical Data sheet to be provided for the ant-slip aggregates.
- Contractor to provide Fire Test Reports relevant to Flame Spread and Smoke Developed Indices as per clause 1.4.C of Project Specifications
- Mockup to be done at site prior to start of the works.
- All Field Quality Control Tests to be done as per specification requirements.
- MIR to be submitted upon each delivery of the material
- Warranty draft letter should be provided inline with the project specification & format

  
14-6-23

## Conditions

## الشروط

- 1) This approval is ONLY for material aspects of alkyd and chlorinated rubber kerbstone paint from Gulf Paints & Adhesives Factory, Abu Dhabi, for Kerbston work. The use of various kerbstone paint colors shall comply with the criteria established in the requirements of latest Abu Dhabi Standard specifications and standard drawings.
- 2) All consignments shall be accompanied by manufacturer's QC certificates. Representative sample shall be collected from delivery to site for testing at accredited third-party lab.
- 3) Application of the 2 coats of paint system shall comply with the approved detailed method statement and QC plan (including substrate preparation, priming, application, on-site thickness checks and adhesion testing, etc.), and as required by project specifications and approved drawings. Applicator shall be approved by paint manufacturer. The application of the paint system shall be certified and endorsed by the paint manufacturer.
- 4)
- 5) The minimum dry film thickness shall be as per the technical data sheets and required project specifications.
- 6)
- 7) A site mock-up shall be prepared for inspection and approval by concerned engineers. The colors and patterns shall be as per approved drawings.
- 8) The 3-years Performance warranty against manufacturing defects and bad workmanship shall be submitted to the concerned ADM asset management team at time of handover. Draft warranty certificate terms and conditions is subject to ADM Operation and maintenance team acceptance, otherwise it will be considered as unconditional warranty certificate.

Final Recommendation:

Approved

التوصية النهائية:

Technical Reviewer:

فاروق قاسم على الجشاعة

المراجع الفني:

1. The project consultant and contractor shall be fully responsible for approving the material from the approved list, and their conformity with the standard specifications and project contractual documents.

1. يتحمل استشاري ومقاول المشروع المسؤولية الكاملة عن المواد من القائمة المعتمدة، ومطابقتها للمواصفات القياسية وثباتها المشروع التعاقدية.

2. The project consultant and contractor must carry out all quality assurance and control procedures for the material supplied for the project

2. يجب على استشاري ومقاول المشروع القيام بجميع إجراءات ضمان وضبط الجودة للمادة الموردة للمشروع.
